AFIMSC Values Video

AFIMSC Values

Using the voices of our own teammates, this video describes the importance of putting words into action and the role values play in a professional and respectful workplace culture.

AFIMSC focuses I-WEPTAC topics on GPC solutions

The first of two 2024 Installation and Mission Support Weapons and Tactics Conferences concluded May 8 at the Air Force Installation and Mission Support Center when three teams presented solutions to advance agile combat support operations in an era of Great Power Competition.

IWEPTAC 2024.1 Videos

FRONT & CENTER

AFCEC-led project creates long-term water supply at Mountain Home AFB

The Air Force Civil Engineer Center is leading a \$100 million construction project for a water treatment plant and pump station to establish a long-term, sustainable water supply from the Snake River to Mountain Home Air Force Base, Idaho.
