

764 Enterprise Sourcing Squadron updates

Standardized European Household APPLIANCES Contract Award

On Dec. 17, AFICC 764 ESS/PKA and AFIMSC Det 4/CEIH awarded nine strategic sourcing contracts for 10 years to provide USAFE installations brand-name European household appliances in support of on- and off-base housing residents in the United Kingdom, Germany and Italy. This new capability will save roughly \$85,000 per year, improve customer service and provide a common base of parts and maintenance for all appliances.

FOLDABLE WARDROBES Contract Award

On 17 Dec 20, AFICC 764 ESS/PKA and AFIMSC Det 4/CEIH awarded five strategic sourcing contracts for five years to provide USAFE installations foldable wooden wardrobes for U.S. military personnel stationed in Germany, Italy, Spain, the Azores, Norway and the United Kingdom. The new BPAs now cover two types of foldable wooden wardrobes. One for wardrobes with the maximum weight of 154 pounds/70 kg and one for lightweight wardrobe with a maximum of 110 pounds/50kg. The lighter versions of the wardrobes result in process savings during the move while meeting the government's quality standards.
