

Future Unlimited Contracting Officers,

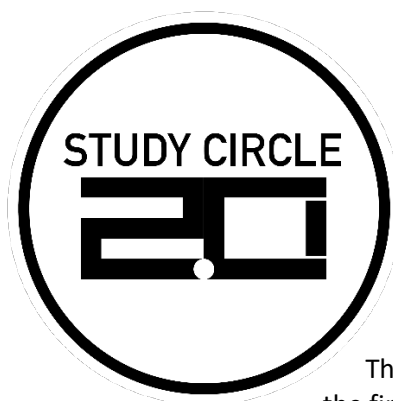

Registration for the FY23 Contracting Officer Study Group (COSG) is open. There are two remaining sessions to choose from as indicated in the schedule below:

- ✓ Each session consists of ten classes;
- ✓ Classes meet on Wednesdays via DAF365 Teams; and
- ✓ Each class may consist of 2.5 - 3 hours of instruction, collaboration, and class discussion.

The COSG is intended to help candidates enhance their problem-solving skills and further develop their practical knowledge of contracting statutes and regulations. Class discussion focuses on judgment, business acumen, and the range of discretion a Contracting Officer has in certain situations. As a best practice, candidates enrolled in the COSG also go through a series of mock warrant boards (at the unit level) in preparation to meet the formal Unlimited Warrant Board.

As a reminder, only warrant focal points can register students at the [COSG Scheduler](#) SharePoint site. ***Ensure appropriate coordination with leadership and your respective focal point in order to complete registration.*** If there are any questions, please send them to the AFICC/KP Warrant Program org box, AFICC.KP.WarrantandCOSG@us.af.mil.
