DAF Food Services Assessment Survey

The Air Force Survey Office recently e-mailed invitations to complete the 2022 Food Services Assessment Survey (FSAS). The survey will provide valuable insight into usage, satisfaction, preferences and desired improvements Airmen expect of food service operations at installations. The Air Force Services Center will share results with installation food and beverage managers to help them identify customer preferences and establish priorities for updating food service operations. For any questions about the survey, please e-mail: AFSVC.surveys.workflow@us.af.mil.
